M & D Marketing Ltd

WELCOME

Dear Valued Customer,

Welcome to our first edition Catalogue. We hope you find what you need at a great price, we generally hold large quantities for fast delivery giving you the service you need to get your jobs done.

This catalogue works alongside our website and outlines our product range and competitive retail pricing. There are 4 main sections to the catalogue covering Printing Process Consumables, a complete section on Calibrated Under-Packing, Finishing Consumables and finally our range of Machine Spares.

As our range of products is so large this catalogue may not cover everything, so if you cannot find what you require please contact our sales team via the details below:

Email: sales@printingconsumables.com or Telephone: 01782 943435

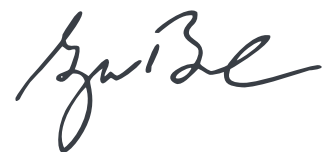

Our team will be happy to help and try to supply whatever you need.

We offer product support to Letterpress Machines through to modern day Litho Graphic processes. We continually strive to improve this service so please do not hesitate to ask for additional products and we will do our best to support you. Please note that all prices shown in this catalogue are in Sterling (£) export customers please use the current exchange rates.

Our team looks forward to working with you now and into the future.

Best Wishes,

The M&D Marketing Ltd Team

WASH-UP BLADES - INFORMATION & MEASUREMENTS

In addition to offering this extremely large selection of Wash-up Blades, if you cannot find what you need we are able to manufacture blades to your exact specification. In order to do this, the minimum order is 10 for the first manufacturing run and you will need to provide the details specified in the drawing above. To make this even easier if you have an old blade, you can send us a sample.

Like all our other Wash-up Blades, these can be made in a range of materials to deal with traditional and UV ink types, to suit your requirements. To discuss a quote please contact our sales team.

MANILLA COLOURED UNDERPACKING

Although we recommend VeraPak as the preferred calibrated under packing, we also offer the more traditional coloured manilla packing range as well. When ordering please ensure this is clearly stated.

PLASTIC UNDERPACKING (ADHESIVE)

As a more permanent packing solution try our high quality adhesive-backed Polypak. Like all our ranges this is highly durable and can be supplied up to 0.6mm in thickness.

PLASTIC UNDERPACKING (NON-ADHESIVE)

Just like our adhesive PolyPak, the Non Adhesive is just as durable but can be removed and re-used as and when you need it.
